Invitation to 2nd Workshop of

WORKING GROUP – CONSERVATION SOIL TILLAGE [WG-CST]

WG-CST will organize a 2nd Workshop relating to and dealing mainly with ISTRO interest areas (e.g. Soil and Water Management, Tillage role on Greenhouse Gases Emissions, Plant Nutrition, Tillage tools and Implements, Crop Protection, etc.) but also any other topics related to Conservation Soil Tillage. WG-CST 2nd Workshop aims to open discussion and gathering basic and specific knowledge about current situation in science and professional work in domain of Conservation Soil Tillage.

Due to the evolution of circumstances related to Covid-19 pandemic, we believe that 2nd Workshop will be held and organized with success. Final decision about the format of the conference /physical meeting, on-line or hybrid/ will be determined and confirmed in August 2021 depending on the existing pandemic situation.

Workshop dates: 7th-8th September, 2021, Osijek, Croatia

Workshop Topics:

- CST worldwide experiences / overview
- CST results from different experiments
- CST relation to other agricultural practices
- CST *in* and what we learn *from* experimental results
- CST as a challenge in changing world

Preliminary program (at a glance):

1st day – abstract presentations and topics discussion

2nd day – field trip (field demonstrations, visit a progressive farm and CST experiments)

Official language will be English

Workshop fees: free of charge for all Workshop participants (fees include attendance, workshop booklet, field trip and meals)

Abstract: Authors are kindly asked to prepare an abstract which will be published. Abstract should be no longer than 300 words (excluded title of abstract, name(s) and affiliation of author(s)).
